

Greetings from the Louisiana Legislative Black Caucus (LLBC). I am honored to serve as Chairman of an organization whose membership consists of the best and brightest Louisiana has to offer. On behalf of myself and the twenty-eight (28) members of the LLBC, we would like to express our sincere appreciation to you, the constituents of this great state of Louisiana for granting us the opportunity to serve you. That being said, as Louisiana transitions into a new era of politics, the LLBC is and will continue to be committed to the societal goals and standards of its founders. Such a wholehearted commitment to this administration rooted firmly in enthusiasm and a readiness to work together with other legislators, coalitions, and political entities will ensure that the citizens of Louisiana needs are met and their dreams realized.

We, as members of the LLBC, will continue to take the lead in eradicating the social ills that persistently plague our communities; particularly those in education, crime, housing, employment, and healthcare to name a few. Our unified efforts during this term will serve as the driving force for successful resolution of issues including but not limited to: redistricting, voter registration, education, and natural disaster recovery efforts. Only after we, the LLBC, have served as the catalyst for change in society can we take the goals and standards of our founders from intuition to fruition.

Again we thank you and I urge you to get and remain involved with your state's government!
